Full-stack engineer with a track record of shipping ambitious features and complex fixes for large-scale applications.

### SKILLS

React | TypeScript | JavaScript | HTML | CSS | Node.js | Next.js | Vercel | Python | Git | Jest | Docker | CI/CD |

### PROFESSIONAL EXPERIENCE

Engineering Fellow & Frontend/i18n Lead	Internet Archive	Remote December 2023 - Present
<ul style="list-style-type: none"><li>Successfully shipped 18+ new features and fixes as a fellow for a digital library with 30M+ monthly visitors, ensuring code quality with automated testing and linting</li><li>Mentored developers and performed 3+-round code reviews as a frontend and internationalization (i18n) lead, maintaining updates to and automation for the database of 1,000+ translated phrases</li><li>Collaborated with a cross-functional team of 15 via weekly meetings, code review, frontend and backend architecture best practices, and continuous integration/continuous delivery (CI/CD) workflows</li><li>Pioneered automated updates of a critical and frequently out-of-date 3,000+-line file by writing an efficient, Python-based pre-commit hook to assess each incoming site feature and make automatic updates as needed</li><li>Enhanced site's global accessibility by proposing and overseeing bulk re-formatting of 300+ lines of previously untranslatable text, and ensured continued translation by writing a 12-part i18n documentation guide</li><li>Yielded a 30% reduction in cover image submission time by revamping the user experience (UX), replacing outdated JavaScript validation methods and preventing duplicate entries</li><li>Identified optimal solutions by diving deep into the 18-year-old codebase to solve complex issues at the root</li></ul>		

Software Engineer	Freelance	Remote October 2023 - April 2024
<ul style="list-style-type: none"><li>Increased responsiveness, performance and scalability by up to 80% by overhauling and rebuilding client sites, transforming bare-bones HTML sites and simple single page profiles into seamless, modern React applications</li><li>Built a React Native prototype for a client project from 0 to 1, determining both the design and the technical architecture</li><li>Reduced page creation time by &gt; 90% in a TypeScript and Next.js rebuild of a SquareSpace site by using SOLID design principles to replace 13 individually-generated pages with a simple, reusable React component</li><li>Synthesized client site objectives and aesthetic vision into actionable plans for site architecture, code and design, maintaining a 24 hour turnaround time between initial meeting and delivery of full proposal</li></ul>		

### PORTFOLIO HIGHLIGHTS

Triolingo	October 2023
<ul style="list-style-type: none"><li>Generated immediate user impact by propelling the product from initial concept to first launch in &lt; 24 hours</li><li>Transformed scalability and extensibility by using SOLID design principles to distribute the game logic among 25 reusable, modular React components and 8 custom hooks and TypeScript helper functions</li><li>Delivered a &gt; 89% reduction in main component length in a single week by spearheading a thorough streamlining, refactoring and restructuring process</li></ul>	
Open Editions	September 2023
<ul style="list-style-type: none"><li>Orchestrated site expansion by making the 10 customized style and content data points entirely dependent on a TypeScript object so as to achieve full reusability for the React audiobook user interface (UI)</li><li>Currently scaling up, developing new features for the site, and incorporating a 40,000-book library and customized audio player by deploying a REST API-linked search algorithm</li></ul>	

### EDUCATION

BA, Film and Media Studies	Yale University	New Haven, CT August 2014 - June 2018
GPA: 3.88 — cum laude, with distinction		
<ul style="list-style-type: none"><li>Mastered JavaScript, HTML, CSS, C, SQL, and Data Structures and Algorithms</li><li>Independently trained self in Swift by taking a video-editing iOS app from ideation to completion in under 3 weeks</li><li>One of only 20 students out of 500+ with a project selected to be featured in CS50 year-end <a href="#">course showcase video</a></li></ul>
